CONCESSION AGREEMENT

Article VIII. Concession Operation is amended by the addition of the following:

F. STATE's Request. The STATE from time to time may make various requests to the Concessionaire to add in additional Wi-Fi equipment and/or related devices. If Concessionaire objects, Concessionaire must provide a detailed explanation of its reasons, which shall include but not be limited to, an analysis showing the additional equipment or devices would lead to loss of revenue to the Concessionaire and/or STATE. In the event the STATE still decides that Concessionaire should proceed with additional Wi-Fi equipment and/or related devices, Concessionaire shall comply with such requests, and related terms and conditions of the request. The STATE shall pay Concessionaire reasonable and fair compensation for installing additional Wi-Fi equipment and/or devices based on the STATE's approval, in its discretion, of Concessionaire's satisfactory accounting, supportable invoices, expense reports, and audit procedures.
