Dear Gentlemen:

Subject: Air Carrier Consultation Meeting
Proposed Passenger Facility Charge Application No. 5

The State of Hawaii (the State) has scheduled a Passenger Facility Charge (PFC) Air Carrier Consultation meeting for September 27, 2012. This letter provides the air carriers with a minimum of thirty (30) days notice as required by Section 158 of the Code of Federal Regulations (14 CFR Part 158), "Passenger Facility Charges" (effective June 28, 1991).

The State plans to submit to the Federal Aviation Administration (FAA) a new PFC application by November 15, 2012. The new charge effective date is expected to begin on February 1, 2014. In order to meet this schedule and to comply with the requirements of 14 CFR Part 158, the State has scheduled this Air Carrier Consultation Meeting. The State will accept comments on all proposed actions contained in this notice for a period of up to 30 days after the meeting, i.e., October 29, 2012.

As required by 14 CFR Section 158.23, this notice is being provided to all air carriers operating at Honolulu International Airport, Kahului Airport, Kona International Airport at Keahole, Lihue Airport, and Hilo International Airport. The following paragraphs provide the information required under Section 158.23 for notice to the air carriers serving these airports.

THE PFC LEVEL, EFFECTIVE DATE, AND TOTAL PROJECTED PFC REVENUE

The State intends to file an application to impose a \$4.50 PFC at Honolulu International Airport, Kahului Airport, Kona International Airport at Keahole, Lihue Airport and Hilo International Airport; and use PFC revenue for projects at Honolulu International Airport, Kahului Airport, and Kona International Airport at Keahole and Hilo International Airport.

The proposed charge effective date is estimated to be February 1, 2014. The total amount of PFC revenue estimated to be collected at \$4.50 under this proposed 2012 PFC Application No. 5 is \$762.1 million.

The estimated charge expiration date is June 30, 2033. The estimated PFC charge expiration date was estimated by taking the \$4.50 PFC imposed amount, subtracting 11 cents per-enplaned passenger, then multiplying by the projected PFC-eligible enplanement estimates. In Hawaii, approximately 83% of the total enplanements are estimated to be PFC-eligible.

Description of Projects

The projects proposed to be funded by PFCs at Honolulu International Airport, Kahului Airport, Kona International Airport at Keahole, and Hilo International Airport are described in Attachment A.

This PFC application contains the following proposed “Impose and Use” projects:

Taxiway ‘Z’ Structural Improvements (Design only) at Honolulu International Airport
Runway 26L Pavement Improvements at Honolulu International Airport
Runway 4R Pavement Reconstruction at Honolulu International Airport
Runway 4L Edge Lighting at Honolulu International Airport
Runway 8L Widening & Misc. Improvements at Honolulu International Airport
Loading Bridges - Ewa Concourse at Honolulu International Airport
HNL OST 2nd Level Roadway Improvements at Honolulu International Airport
Wiki-Wiki Shuttle Station Improvements at Honolulu International Airport
OST Terminal Metal Roof Replacement at Honolulu International Airport
NDWP IIT Mauka Extension at Honolulu International Airport
NDWP Taxilanes G & L Widening - Phases 1 and 2 at Honolulu International Airport
NDWP Hawaiian/Aloha Facility Demolition at Honolulu International Airport
Access Controls and CCTV Systems at Hilo International Airport
ARFF Facilities Improvements at Hilo International Airport
Access Controls and CCTV Systems at Kona International Airport at Keahole
ARFF Station Relocation at Kona International Airport at Keahole
Stand-Alone PFC Administrative Costs

“Impose Only” Projects:

Spencer Properties Acquisition at Kahului Airport
Runway 22 Runway Safety Area at Honolulu International Airport

A brief description of each project, its justification, start and completion dates, cost detail and its sources of funding is available in a PDF format on the State's website at:

<http://hawaii.gov/dot/airports/doing-business/passenger-facility-charge-pfc-program>

Request that a Class of Carriers not be required to collect PFCs

No exclusion will be requested by the State of Hawaii. All Interisland flights are categorically excluded from collecting PFCs as part of AIR 21.

Date and Location of Air Carrier Consultation Meeting [Section 158.23(a)(4)]

Date: Thursday, September 27, 2012
Time: 10:00 a.m., Hawaii Standard Time (HST)
Location: Honolulu International Airport
Interisland Terminal – 7th Floor
Conference Room C
Honolulu, Hawaii

Acknowledgment [Section 158.23(c)]

Air carriers are **required** to provide the public agency with a written acknowledgement of receipt of this notice within 30 days.

Certification of Agreement/Disagreement

The State will accept comments on all proposed actions contained in this notice for a period of up to 30 days after the meeting, i.e., Monday, October 29, 2012.

Within 30 days following the meeting, each carrier **must** provide a written certification of its agreement or disagreement of a proposed project. The certification must include the reasons for disagreement, and absence of a reason shall void a certification of disagreement. If a carrier fails to provide a timely acknowledgement of notice or certification of agreement or disagreement with a proposed project, the carrier is considered to have certified its agreement.
