

PORT ALLEN HARBOR

Harbor facilities include two 600-foot long berths located on opposite sides of the primary pier structure. The north pier has a depth of 25 feet while the south pier has a depth of 35 feet. There are roughly 1.5 acres of shed and open storage space within the facility. The dimension of the harbor basin is 1,200 feet by 1,500 feet and is protected by a 1,200-foot breakwater. The entrance channel is 500 feet wide with a depth of 35 feet. Adjacent to the commercial harbor is the Port Allen Small Boat Harbor. Managed by the Department of Land and Natural Resource's Division of Boating and Ocean Recreation (DOBOR).
