§19-42-139 Fire signal for small craft or smaller commercial vessel in harbor.
Five prolonged blasts on a vessel's whistle, horn or other sound producing device indicates (1) a fire on board a small craft or smaller commercial vessel not under way or (2) a fire at any facility to which the small craft or smaller commercial vessel may be moored. The words "prolonged blasts" used in this section shall mean a blast from four to six seconds duration. This fire signal shall not be used for other purposes in any state harbor.
