**SUBCHAPTER 6
PRIVATE INSTALLATION OR CONSTRUCTION**

§19-42-163 Installation of buoys. Any person desiring to install mooring or anchorage buoys in any harbor under the jurisdiction of the department, shall apply to the department in writing for permission to install such buoys. Applications must be accompanied by comprehensive plans showing the exact proposed location of buoys and anchors, as well as plans and specifications of the type and size of buoy and anchoring equipment. The director may grant permission for the installation of moorings or buoys in any area under the department's jurisdiction if, in the director's judgment, it is advisable and will not be a menace to or interfere with navigation. The right is reserved by the director to revoke any license or permission for installation at any time, if in the director's opinion revocation is necessary or advisable. Upon revocation, the owner shall remove the moorings or buoys without delay. [Eff 5/20/82; am and comp 2/26/96] (Auth: HRS §§266-2, 266-3) (Imp: HRS §§266-2, 266-3)
