Re: Material Certificate of Compliance  
Project: INTERSTATE ROUTE H-1 REHABILITATION -  
MIDDLE STREET TO VICINITY OF WARD AVENUE  
SAP #IM - HI (269)

This is a material certification of compliance for materials we will supply your firm for the above project. The materials involved are for the Type A and B Metric Pullboxes.

I certify that the products listed above complies with the material and workmanship Requirements of the State of Hawaii, Department of Transportation 2005 Specifications, Section 712.06

1. Pullbox is precast reinforced concrete.
2. Portland cement concrete meets and/or exceeds Class B in accordance with Section 601 -- Structural Concrete.
3. Reinforcing steel conforms to Section 602 -- Reinforcing Steel. The rebars were purchased from South Pacific Steel, a Nucor Steel subsidiary.
4. The RPM (Reinforced Plastic Mortar or Polymer Concrete) covers are manufactured by Armorcast Products. (see attached Material Qualification sheets)

I certify that all iron and steel products used in our manufactured pullboxes for the above project complies with the "Buy American Act" requirements.
