

Vineyard Blvd LANE CLOSURES

Vineyard Boulevard Resurfacing Project

(March - November 2014)

Be Aware: Plan and Prepare

PROJECT OVERVIEW

The Hawaii Department of Transportation, Highways Division, continues its goal of resurfacing the state's major highway corridors. An \$8.8 million project to resurface 1.76 miles of Vineyard Blvd from Palama St to the H1 Freeway On-Ramp begins on March 24, 2014. Vineyard Blvd was last resurfaced in 1995 and approximately 35,000 vehicles travel through this route every day.

Major improvements are required to extend the service life of the existing roadway, enhance highway safety, and improve the riding surface. Improvements will include reconstructing weakened pavement areas, replacing damaged curb, gutter, and sidewalk, constructing curb ramps, installing new bus pads and loop detectors, replacing existing traffic signal heads with new, energy-efficient, LED optical units, extending left turn lanes at the Palama St and Liliha St intersections, and landscaping.

The roadwork will require lane closures primarily during the day but will include some nighttime work and ramp closures. Lane closure times will begin as early as 8:30 a.m. and finish by 4:30 p.m. Some On and Off Ramps will be closed on weekends during different times throughout the project. As Vineyard is one of the alternate routes for the H1 Freeway Rehabilitation Project, motorists

will now be advised to use Nimitz Hwy and Dillingham Blvd whenever possible. Lane closure information will be distributed to the media, will be available on the HDOT website hidot.hawaii.gov, and will be pushed out through our social media channels Facebook and Twitter, please follow us for the latest information.

The Vineyard resurfacing project is a federal aid project funded with 80 percent federal and 20 percent state funds.

SCHEDULE

1. Sunday/Monday H1 On-Ramp, Off-Ramp Closures

- Both Directions Near Palama St
- Sunday 7:00 am - Monday 5:00 am
 - * On two weekends - to be announced

2. Extended Weekend Lane Closures for Concrete Bus Pads

- Vineyard Eastbound near Palama St, Pua Lane, Liliha St and Punchbowl St.
- 2 Lane Closure:
- Friday 8:30 pm - Sunday 7:00 am
- 1 Lane Closure:
- Sunday 7:00 am - Monday 5:00 am
 - * On four weekends - to be announced

3. Weekday Day-Time Vineyard Blvd Lane Closures

- 1 Lane Closure:
- Westbound 8:30 am - 3:00 pm
 - Eastbound 8:30 am - 3:00 pm

4. Sunday Vineyard Blvd & Punchbowl St Intersection Lane Closures

- 1 Lane Closure:
- Westbound 7:00 am - 6:00 pm
 - Eastbound 7:00 am - 6:00 pm

5. Weekday H1 Off-Ramp Lane Closure

- H1 Westbound to Vineyard Blvd
- 1 Lane Westbound:
- Monday - Friday 10:00 am - 4:30 pm

Weekday H1 On-Ramp Lane Closure

- Vineyard Blvd to H1 Eastbound
- 1 Lane Eastbound:
- Monday - Friday 8:30 am - 3:00 pm

CONSTRUCTION NOISE

In addition to heavier than usual traffic on surface streets, you may experience construction noise from the project. The contractor is making every effort to mitigate noise by removing back up indicators from trucks, muffling equipment when possible, and limiting the use of loud equipment.
