### II. Approval of the Minutes

The Committee approved the January meeting minutes unanimously; motions and seconds provided by various members.

### III. Presentation by County of Maui

Kurt Watanabe from Maui County's Department of Public Works presented four federally funded Safe Routes to Schools projects and the improvements made at the following schools:

Kamali'i Elementary – Kihei, Maui (Completed 2014); Princess Nahienaena Elementary – Lahaina, Maui (Completed 2014); Paia School Frontage Improvements – Paia, Maui (Completed 2019); and Paia School Sidewalk Improvements – Paia, Maui (Completed 2019). The County has also spent its allocated special funds on speed feedback monitors, plastic delineators, and sidewalk projects. The County also hosted "Walk to School" days with community partners. However, they haven't collected extensive post-project data on the effectiveness of these interventions in reducing speeds or improving pedestrian safety. The presentation highlighted Maui County's proactive approach to improving safe routes to schools through infrastructure and community engagement.

### **III. Discussion and Appropriate Action on Approach to Meeting Law's Mandate**

James Burke provides an update on legislative bills related to Safe Routes to Schools, including House Bill 300, Senate Bill 473, House Bill 1231, and others.

- a. Adoption of [Final Report to Legislature](#) – The Committee adopted the Final Report to Legislature (December 2024) as its formal set of recommendations unanimously.
- b. Approval of permitted interactions for SRTS plan scope action – A draft scope is available but needs to be refined based on feedback from Hawaii Department of Transportation (HDOT). If timing works out, a final scope will be available for Committee approval at the April meeting. Procurement will then be handled by HDOT.
- c. Approval of permitted interactions for SRTS staff recommendation action – Chair Rooney provided an update, recommending the prioritization of the HDOT program manager and the City and County of Honolulu's SRTS manager, of which funding may be expiring as of July 2025. A job description for the HDOT position is being developed. Additionally, the City and County of Honolulu has submitted a funding request to HDOT for a 3-year contract, but the Committee can entertain a request for back-up funding if needed at future meetings.
- d. Addition and Approval of state projects into 2025 Proposed Project Pipeline List – The Committee desired the additional of state projects to the list of potential projects to be evaluated for funding. The Committee approved integrating the state project list into the full project list in the Report to Legislature, together referred to as the "[2025 Project Pipeline List](#)"; the vote was unanimous.
- e. Addition of evaluation criterion that adds priority to existing projects – Upon the recommendation of the Deputy Attorney General, the Committee approved adding one additional evaluation criterion – that priority be given to existing projects, as per Act 244 (2023); the vote was unanimous. It will be integrated into the evaluation approach in the Final Report to Legislature as it is utilized by the approve permitted interaction group (see next action)
- f. Approval of permitted interactions for project funding recommendations action – The Committee approved establishing a permitted interaction group under §92-2.5 (b) to evaluate and make recommendations to the Committee and HDOT for SRTS funding. The permitted interaction group will use the current project proposal evaluation form and criteria to work with project sponsors to submit projects for evaluation by the group,

specifically for the available \$6 million. At least one project in each county and state will be recommended from the “2025 Project Pipeline List”. The vote was unanimous. The permitted interaction group will include Committee members Jessica Thompson, James Burke, Heidi Hansen-Smith, and Yamato Sasaki. Other non-committee members also volunteered to help support.

### **III. Open Forum**

A member of the public wanted to make sure the local neighborhood boards were consulted about future projects.

### **IV. Announcements**

Tommy Noyes promoted voting for Kalahale Makalai coastal path in USA Today's best trails list.

### **V. Adjournment**

The meeting was adjourned at 11:10 am
