II. Approval of the Minutes

The approval of the May minutes was inadvertently tabled.

III. Discussion and appropriate action on approach to meeting law's mandate

Leah Laramee as acting chair provided a short legislative session update, confirming receipt of SR 98 SD1 received on May 29, 2025 and HB 1231/SB 1664, which provides additional SRTS funding.

Tara Lucas provided an update on the RFQ process for the SRTS plan, indicating the scope was final and currently going through their approvals process.

Several members provided updates regarding the different SRTS staff positions. HDOT is currently reviewing the potential description for their position. Hawaii DOE and Maui are both to be determined. The C&C of Honolulu's coordinator position is in the process of re-contracting. Kauai's new coordinator begins July 1st, 2025. Hawaii County is preparing a funding request for the Committee to continue funding past FY 2025-2026.

The Committee discussed also having Justin Tyndall from the University of Hawaii present on his large vehicle fatality research; and a Department of Health representative to present on a new project assessing the walkability of public libraries.

Several items were discussed in the Open Forum and Announcements that were skimmed over during original discussion. One was the announcement of Abbey Seitz as the Senate appointee, thus starting as the new chair at the July meeting. In addition, members of the permitted interaction group provided an update regarding their work. They noted that the state and the counties had all submitted additional information on their top projects for funding consideration, approximately 20 projects. The group was going to review those in the next week and be prepared to present their recommendations to the Committee at the July meeting. As a result, the Committee also expressed the desire to have a special meeting to then vote on these recommendations on August 5th at 10am.
