

Discharge Permit No.:

Issuance Date:

Construction Connection, Discharge, and Surface Runoff Permit

Pursuant to Hawaii Administrative Rules, Chapter 11-55, application is hereby made to connect or discharge into the Airport drainage system at the location(s) specified below and at no other location. The permit shall expire within 5 years of issuance date.

Airport:	PMID/TMK:	Basin ID:
Tenant Company Name or DOTA Project Name and No.:		
Tenant Contact Name or DOTA State Engineer:		
Contact Email:	Contact Number:	

Type of Connection and/or Discharge (check all that apply):

- ☐ Stormwater runoff from construction site ☐ Construction Dewatering ☐ Hydrotesting
☐ Alteration or removal of Drainage ☐ New Drainage Connection ☐ Other _____

I, the Designer, have included the following as attachments to this application:

- ☐ Plans showing the changes/connection to the drainage system, if applicable
☐ Quantity of stormwater and site process water entering drain system

Please check the boxes below to indicate which items have been submitted to AIR-EE for review and acceptance:

- ☐ DOH NOI-C Application for Stormwater Discharge from Construction Activities for Projects that disturb one (1) acre or more, if applicable.
☐ Designer's Stormwater Pollution Prevention Plan (SWPPP) or Site-Specific BMP Plan for projects that disturb less than one (1) acre, including a project location map, discharge locations, and runoff flow patterns.

Name of Designer: _____ Design Company: _____
Designer Signature: _____ Date: _____

To be completed by the Contractor:

Please check the boxes below to indicate which items have been submitted to AIR-EE for review and acceptance:

- ☐ Contractor's Site-Specific Construction Best Management Practices (BMP) Plan, including a detailed summary of Erosion Control BMPs, project location map, and construction schedule
☐ Copy of the DOH NPDES Permit for Dewatering or Hydrotesting, if applicable.

Licensee Information and Agreement

The Licensee shall be the owner or authorized representative of the tenant's company for Tenant Improvement Projects, or construction company authorized representative for DOTA Projects.

Discharge Permit No.:

Issuance Date:

Licensee, the undersigned, hereby agree to the following:

1. That the Licensee shall indemnify and hold the State free and harmless from all suits and actions resulting from the licensee's discharge operations.
2. That the Licensee will comply with all requirements of the DOTA construction specifications for DOTA projects and the DOTA Construction Activities BMP Field Manual and other DOTA construction requirements as included on the AIR-EE Construction Site Runoff webpage <https://hidot.hawaii.gov/airports/doing-business/engineering/environmental/construction-site-runoff-control-program/>.
3. This permit/approval shall obligate the activity to implement BMPs as required in Hawaii Administrative Rules, Chapter 11-55, Appendices C, F, and/or G.
4. The Licensee will promptly correct any deficiencies identified by DOH or DOTA.
5. That the Licensee shall provide appropriate best management practices and treatment devices for the removal of soil particles and other pollutant(s) in the discharge. Such discharge shall meet the basic water quality criteria applicable to all waters, as identified in Hawaii Administrative Rules, Chapter 11-54, Section 4 and any other applicable sections, at the point of discharge into State waters.
6. That the Licensee shall make all restoration to any State Airport or Airport tenant property damaged during the Licensee's discharge operations in accordance with DOTA.
7. That the Licensee shall discontinue the discharge should DOH determine that the receiving waters are being polluted, or the discharge does not meet the effluent requirements of the NPDES permit, or the Licensee's operations are not in the best interest of the general public. In addition, the Licensee shall be liable for any and all penalties as a result of discharges from the Licensee's operation.
8. That a copy of any effluent monitoring required by the NPDES permit shall be furnished to DOTA.
9. That the Licensee shall inspect and clean the inlets to the State Airport drainage system prior to discharging. If DOTA determines that any materials or substances from the Licensee's discharge operations have settled into any storm sewer, the Licensee shall immediately remove and clear any material and substance to the satisfaction of DOTA.
10. That the Licensee shall notify the DOTA Engineering Branch, Environmental Section (AIR-EE) of dewatering operations or hydrotesting operations at least 72 hours before commencing discharge.
