

2020 HDOT Harbors Tenant Training Questionnaire

Name: TERRY N. AQUINO Company: Hawaiian Ice Company Date: 13 AUG 20

1. What is the definition of an illicit discharge?
 - a. Condensate from AC system
 - b. Rain water runoff
 - ☒ c. A non-stormwater discharge that poses a risk to the environment
 - d. None of the above
 2. Which of the following are not permitted to be discharged into the storm drain?
 - a. Equipment washing water
 - b. Fish entrails and spilled chemicals
 - c. Petroleum and paint drop
 - ☒ d. All of the above
 3. What should you do when a suspected illicit discharge is observed at or around your facility?
 - a. If on Oahu, call Harbor Traffic Control Unit at (808) 587-2076
 - b. Call Harbors Environmental Hotline at (808) 587-1962
 - c. Do not care
 - ☒ d. a or b
 4. The picture below is a good example of Best Management Practice (BMP) because:
 - ☒ a. Absorbent material is placed under oil-containing equipment and is not oversaturated.
 - b. This equipment is stored outdoors
 - c. They are stored under cover.
 - d. None of the above
- 
5. You can help with maintaining good sustainable environment by
 - a. Use fewer resources in the first place
 - b. Use materials more than once instead of discarding
 - c. Convert waste materials into new products
 - d. All of the above
 6. Which of the following are considered Pollutants of Concerns?
 - a. Metals (zinc, iron, aluminum)
 - b. Sediment
 - c. Paint and oil
 - ☒ d. All of the above
 7. Which of the following are good examples of BMPs?
 - a. Maintain equipment regularly
 - b. Promptly respond to a spill or leak
 - c. Keep trash bins closed when not in use
 - ☒ d. All of the above
 8. Equipping storm drain inlet in or adjacent to maintenance area with Witch's hat is considered a good BMP.
 - ☒ a. True
 - b. False
 9. The first step of spill response is to
 - ☒ a. Assess the risk
 - b. Contain the spill
 - c. Stop the Source
 - d. Clean up
 - e. None of my business
 10. An environmental violation may lead to criminal penalties.
 - ☒ a. True
 - b. False

TRAINING EVALUATION & FEEDBACK FORM
2020 Annual HDOT Harbors Tenant Storm Water Training
Online Video at YouTube

1. Was this online training course beneficial to you as a Tenant of the Honolulu and Kalaehoa Barbers Point Harbors? Please rank the overall course from 0 to 5 where 5 = Most Beneficial & 0 = Not Beneficial at all. 5 Additional comments on the overall training course:

It's good to know how pollution affects our waters, since Hawaii depends a lot on fish and ocean resources.

2. What were the strong points of this online training course that we should build upon for next year?

Cleaning up spills and leaks.

3. What were the weak points of this online training course that we should address for next year?

Maybe show some pictures of possibilities of what could be if we don't take care of our water ways.

4. How effective was this online training in conveying the Harbors Storm Water Management Program information & requirements to the tenant audience? Please rank their overall effectiveness from 0 to 5 where 5 = Most Effective & 0 = Not Effective at all. 5 Provide additional comments you may have.

It was very informative. Especially the clean process.

5. Moving forward, if this training couldn't be held at a physical location, which platform would you prefer this annual training to be conducted in the future? Please make your selection: ☒ Online ☒ Virtual ☐ Either platform is fine ☐ Others: _____

6. Please provide additional comments to elaborate any other concern you have & how we can improve next year.

Mahalo for providing us with your training feedback. See you next year!

Name: Ethan Creps Company: Matson Date: 9/10/20

1. What is the definition of an illicit discharge?
 - a. Condensate from AC system
 - b. Rain water runoff
 - ☒ c. A non-stormwater discharge that poses a risk to the environment
 - d. None of the above
2. Which of the following are not permitted to be discharged into the storm drain?
 - a. Equipment washing water
 - b. Fish entrails and spilled chemicals
 - c. Petroleum and paint drop
 - ☒ d. All of the above
3. What should you do when a suspected illicit discharge is observed at or around your facility?
 - a. If on Oahu, call Harbor Traffic Control Unit at (808) 587-2076
 - b. Call Harbors Environmental Hotline at (808) 587-1962
 - c. Do not care
 - ☒ d. a or b
4. The picture below is a good example of Best Management Practice (BMP) because:
 - ☒ a. Absorbent material is placed under oil-containing equipment and is not oversaturated.
 - b. This equipment is stored outdoors
 - c. They are stored under cover.
 - d. None of the above
5. You can help with maintaining good sustainable environment by
 - a. Use fewer resources in the first place
 - b. Use materials more than once instead of discarding
 - c. Convert waste materials into new products
 - ☒ d. All of the above
6. Which of the following are considered Pollutants of Concerns?
 - a. Metals (zinc, iron, aluminum)
 - b. Sediment
 - c. Paint and oil
 - ☒ d. All of the above
7. Which of the following are good examples of BMPs?
 - a. Maintain equipment regularly
 - b. Promptly respond to a spill or leak
 - c. Keep trash bins closed when not in use
 - ☒ d. All of the above

 - ☒ d. All of the above
3. What should you do when a suspected illicit discharge is observed at or around your facility?
 - a. If on Oahu, call Harbor Traffic Control Unit at (808) 587-2076
 - b. Call Harbors Environmental Hotline at (808) 587-1962
 - c. Do not care
 - ☒ d. a or b
4. The picture below is a good example of Best Management Practice (BMP) because:
 - ☒ a. Absorbent material is placed under oil-containing equipment and is not oversaturated.
 - b. This equipment is stored outdoors
 - c. They are stored under cover.
 - d. None of the above
5. You can help with maintaining good sustainable environment by
 - a. Use fewer resources in the first place
 - b. Use materials more than once instead of discarding
 - c. Convert waste materials into new products
 - ☒ d. All of the above
6. Which of the following are considered Pollutants of Concerns?
 - a. Metals (zinc, iron, aluminum)
 - b. Sediment
 - c. Paint and oil
 - ☒ d. All of the above
7. Which of the following are good examples of BMPs?
 - a. Maintain equipment regularly
 - b. Promptly respond to a spill or leak
 - c. Keep trash bins closed when not in use
 - ☒ d. All of the above
8. Equipping storm drain inlet in or adjacent to maintenance area with Witch's hat is considered a good BMP.
 - ☒ a. True
 - b. False
9. The first step of spill response is to
 - ☒ a. Assess the risk
 - b. Contain the spill
 - c. Stop the Source
 - d. Clean up
 - e. None of my business
10. An environmental violation may lead to criminal penalties.
 - ☒ a. True
 - b. False

TRAINING EVALUATION & FEEDBACK FORM
2020 Annual HDOT Harbors Tenant Storm Water Training
Online Video at YouTube

1. Was this online training course beneficial to you as a Tenant of the Honolulu and Kalaheo Barbers Point Harbors? Please rank the overall course from 0 to 5 where 5 = Most Beneficial & 0 = Not Beneficial at all. 4 Additional comments on the overall training course:

2. What were the strong points of this online training course that we should build upon for next year?

Examples of violations

3. What were the weak points of this online training course that we should address for next year?

Develop a chart that depicts the organizations that regulate SW + the respective regulations. Might be easier to understand + remember (e.g., Fed → state → local)

4. How effective was this online training in conveying the Harbors Storm Water Management Program information & requirements to the tenant audience? Please rank their overall effectiveness from 0 to 5 where 5 = Most Effective & 0 = Not Effective at all. 4 Provide additional comments if you like.

5. Moving forward, which platform would you prefer this annual training to be conducted in the future, if this training couldn't be held at a physical location?

Please make your selection below. ☐ Online ☐ Virtual ☒ Either platform is fine

☒ Others: in person is good to ask questions + interact.

6. Please provide additional comments to elaborate any other concern you have & how we can improve next year.

Mahalo for providing us with your training feedback. See you next year!

3. What should you do when a suspected illicit discharge is observed at or around your facility?
 - a. If on Oahu, call Harbor Traffic Control Unit at (808) 587-2076
 - ☒ b. Call Harbors Environmental Hotline at (808) 587-1962
 - c. Do not care
 - d. a or b
4. The picture below is a good example of Best Management Practice (BMP) because:
 - ☒ a. Absorbent material is placed under oil-containing equipment and is not oversaturated.
 - b. This equipment is stored outdoors
 - c. They are stored under cover.
 - d. None of the above
5. You can help with maintaining good sustainable environment by
 - a. Use fewer resources in the first place
 - b. Use materials more than once instead of discarding
 - c. Convert waste materials into new products
 - ☒ d. All of the above
6. Which of the following are considered Pollutants of Concerns?
 - a. Metals (zinc, iron, aluminum)
 - b. Sediment
 - c. Paint and oil
 - ☒ d. All of the above
7. Which of the following are good examples of BMPs?
 - a. Maintain equipment regularly
 - b. Promptly respond to a spill or leak
 - c. Keep trash bins closed when not in use
 - ☒ d. All of the above
8. Equipping storm drain inlet in or adjacent to maintenance area with Witch's hat is considered a good BMP.
 - ☒ a. True
 - b. False
9. The first step of spill response is to
 - a. Assess the risk
 - ☒ b. Contain the spill
 - c. Stop the Source
 - d. Clean up
 - e. None of my business
10. An environmental violation may lead to criminal penalties.
 - ☒ a. True
 - b. False

Please provide your comments here:

We here at Micale will continue to work with everyone to maintain a good sustainable environment on the waterfront

TRAINING EVALUATION & FEEDBACK FORM

2020 Annual HDOT Harbors Tenant Storm Water Training

Online Video at YouTube

1. Was this online training course beneficial to you as a Tenant of the Honolulu and Kalaeloa Barbers Point Harbors? Please rank the overall course from 0 to 5 where 5 = Most Beneficial & 0 = Not Beneficial at all. 5 Additional comments on the overall training course:

The online training helps our Company to train everyone here at our Shop.

2. What were the strong points of this online training course that we should build upon for next year?

The importance of Containment & Clean up.

3. What were the weak points of this online training course that we should address for next year?

4. How effective was this online training in conveying the Harbors Storm Water Management Program information & requirements to the tenant audience? Please rank their overall effectiveness from 0 to 5 where 5 = Most Effective & 0 = Not Effective at all. 5 Provide additional comments you may have.

our men took it as Very important info.

5. Moving forward, if this training couldn't be held at a physical location, which platform would you prefer this annual training to be conducted in the future? Please make your selection: ☐ Online ☒ Virtual ☐ Either platform is fine ☐ Others: _____

6. Please provide additional comments to elaborate any other concern you have & how we can improve next year.

Just keep us up on all changes & Requirements.

Mahalo for providing us with your training feedback. See you next year!

2020 HDOT Harbors Tenant Training Questionnaire

Name: Gabe Nelson

Company: NRC

Date: 8-21-2020

1. What is the definition of an illicit discharge?
 - a. Condensate from AC system
 - b. Rain water runoff
 - > c. A non-stormwater discharge that poses a risk to the environment
 - d. None of the above
2. Which of the following are not permitted to be discharged into the storm drain?
 - a. Equipment washing water
 - b. Fish entrails and spilled chemicals
 - c. Petroleum and paint drop
 - > d. All of the above
3. What should you do when a suspected illicit discharge is observed at or around your facility?
 - a. If on Oahu, call Harbor Traffic Control Unit at (808) 587-2076
 - b. Call Harbors Environmental Hotline at (808) 587-1962
 - c. Do not care
 - A & B-> d. a or b
4. The picture below is a good example of Best Management Practice (BMP) because:
 - > a. Absorbent material is placed under oil-containing equipment and is not oversaturated.
 - b. This equipment is stored outdoors
 - c. They are stored under cover.
 - d. None of the above
5. You can help with maintaining good sustainable environment by
 - a. Use fewer resources in the first place
 - b. Use materials more than once instead of discarding
 - c. Convert waste materials into new products
 - > d. All of the above
6. Which of the following are considered Pollutants of Concerns?
 - a. Metals (zinc, iron, aluminum)
 - b. Sediment
 - c. Paint and oil
 - > d. All of the above
7. Which of the following are good examples of BMPs?
 - a. Maintain equipment regularly
 - b. Promptly respond to a spill or leak
 - c. Keep trash bins closed when not in use
 - > d. All of the above
8. Equipping storm drain inlet in or adjacent to maintenance area with Witch's hat is considered a good BMP.

2020 HDOT Harbors Tenant Training Questionnaire

Name: Anthony Oliver

Company: Penco

Date: 11-16-20

1. What is the definition of an illicit discharge?
 - a. Condensate from AC system
 - b. Rain water runoff
 - ☒ c. A non-stormwater discharge that poses a risk to the environment
 - d. None of the above
2. Which of the following are not permitted to be discharged into the storm drain?
 - a. Equipment washing water
 - b. Fish entrails and spilled chemicals
 - c. Petroleum and paint drop
 - ☒ d. All of the above
3. What should you do when a suspected illicit discharge is observed at or around your facility?
 - a. If on Oahu, call Harbor Traffic Control Unit at (808) 587-2076
 - b. Call Harbors Environmental Hotline at (808) 587-1962
 - c. Do not care
 - ☒ d. a or b
4. The picture below is a good example of Best Management Practice (BMP) because:
 - ☒ a. Absorbent material is placed under oil-containing equipment and is not oversaturated.
 - b. This equipment is stored outdoors
 - c. They are stored under cover.
 - d. None of the above
5. You can help with maintaining good sustainable environment by
 - a. Use fewer resources in the first place
 - b. Use materials more than once instead of discarding
 - c. Convert waste materials into new products
 - ☒ d. All of the above
6. Which of the following are considered Pollutants of Concerns?
 - a. Metals (zinc, iron, aluminum)
 - b. Sediment
 - c. Paint and oil
 - ☒ d. All of the above
7. Which of the following are good examples of BMPs?
 - a. Maintain equipment regularly
 - b. Promptly respond to a spill or leak
 - c. Keep trash bins closed when not in use

TRAINING EVALUATION & FEEDBACK FORM

2020 Annual HDOT Harbors Tenant Storm Water Training

Online Video at YouTube

1. Was this online training course beneficial to you as a Tenant of the Honolulu and Kalaheo Barbers Point Harbors? Please rank the overall course from 0 to 5 where 5 = Most Beneficial & 0 = Not Beneficial at all. 2 Additional comments on the overall training course:

Too long, just need to know what is not compliant, or has not been compliant, or what changed in the last year.

2. What were the strong points of this online training course that we should build upon for next year?

build on the changes made by the tenant & state which corrected existing problems. Also how the state is addressing the problems with the tenants.

3. What were the weak points of this online training course that we should address for next year?

too much on regulation, we all want to help. Just let us know what is lacking.

4. How effective was this online training in conveying the Harbors Storm Water Management Program information & requirements to the tenant audience? Please rank their overall effectiveness from 0 to 5 where 5 = Most Effective & 0 = Not Effective at all. 1 Provide additional comments you may have.

We don't know where other problems are we do know our own problems are and are working to correct them

5. Moving forward, if this training couldn't be held at a physical location, which platform would you prefer this annual training to be conducted in the future? Please make your selection: ☒ Online ☐ Virtual ☐ Either platform is fine ☐ Others: _____

6. Please provide additional comments to elaborate any other concern you have & how we can improve next year.

2020 HDOT Harbors Tenant Training Questionnaire

Name: Jim Hansen Company: PSI Date: 8-21-20

1. What is the definition of an illicit discharge?
 - a. Condensate from AC system
 - b. Rain water runoff
 - ☒ c. A non-stormwater discharge that poses a risk to the environment
 - d. None of the above
 2. Which of the following are not permitted to be discharged into the storm drain?
 - a. Equipment washing water
 - b. Fish entrails and spilled chemicals
 - c. Petroleum and paint drop
 - ☒ d. All of the above
 3. What should you do when a suspected illicit discharge is observed at or around your facility?
 - a. If on Oahu, call Harbor Traffic Control Unit at (808) 587-2076
 - b. Call Harbors Environmental Hotline at (808) 587-1962
 - c. Do not care
 - ☒ d. a or b
 4. The picture below is a good example of Best Management Practice (BMP) because:
 - ☒ a. Absorbent material is placed under oil-containing equipment and is not oversaturated.
 - b. This equipment is stored outdoors
 - c. They are stored under cover.
 - d. None of the above
- 
5. You can help with maintaining good sustainable environment by
 - a. Use fewer resources in the first place
 - b. Use materials more than once instead of discarding
 - c. Convert waste materials into new products
 - ☒ d. All of the above
 6. Which of the following are considered Pollutants of Concerns?
 - a. Metals (zinc, iron, aluminum)
 - b. Sediment
 - c. Paint and oil
 - ☒ d. All of the above
 7. Which of the following are good examples of BMPs?
 - a. Maintain equipment regularly
 - b. Promptly respond to a spill or leak
 - c. Keep trash bins closed when not in use
 - ☒ d. All of the above
 8. Equipping storm drain inlet in or adjacent to maintenance area with Witch's hat is considered a good BMP.
 - ☒ a. True
 - b. False
 9. The first step of spill response is to
 - ☒ a. Assess the risk - First thing
 - b. Contain the spill - then
 - c. Stop the Source - second
 - d. Clean up - 4th
 - e. None of my business
 10. An environmental violation may lead to criminal penalties.
 - ☒ a. True
 - b. False

"Mālama i ke awa kai" - Protect Our Harbor Waters

2020 HDOT Harbors Tenant Training Questionnaire

Name: Gas Braun

Company: PSI

Date: 08-21-2020

1. What is the definition of an illicit discharge?
 - a. Condensate from AC system
 - b. Rain water runoff
 - ☒ c. A non-stormwater discharge that poses a risk to the environment
 - d. None of the above
 2. Which of the following are not permitted to be discharged into the storm drain?
 - a. Equipment washing water
 - b. Fish entrails and spilled chemicals
 - c. Petroleum and paint drop
 - ☒ d. All of the above
 3. What should you do when a suspected illicit discharge is observed at or around your facility?
 - a. If on Oahu, call Harbor Traffic Control Unit at (808) 587-2076
 - b. Call Harbors Environmental Hotline at (808) 587-1962
 - c. Do not care
 - ☒ d. a or b
 4. The picture below is a good example of Best Management Practice (BMP) because:
 - ☒ a. Absorbent material is placed under oil-containing equipment and is not oversaturated.
 - b. This equipment is stored outdoors
 - c. They are stored under cover.
 - d. None of the above
- 
5. You can help with maintaining good sustainable environment by
 - a. Use fewer resources in the first place
 - b. Use materials more than once instead of discarding
 - c. Convert waste materials into new products
 - ☒ d. All of the above
 6. Which of the following are considered Pollutants of Concerns?
 - a. Metals (zinc, iron, aluminum)
 - b. Sediment
 - c. Paint and oil
 - ☒ d. All of the above
 7. Which of the following are good examples of BMPs?
 - a. Maintain equipment regularly
 - b. Promptly respond to a spill or leak
 - c. Keep trash bins closed when not in use
 - ☒ d. All of the above
 8. Equipping storm drain inlet in or adjacent to maintenance area with Witch's hat is considered a good BMP.
 - ☒ a. True
 - b. False
 9. The first step of spill response is to
 - ☒ a. Assess the risk
 - b. Contain the spill
 - c. Stop the Source
 - d. Clean up
 - e. None of my business
 10. An environmental violation may lead to criminal penalties.
 - ☒ a. True
 - b. False

TRAINING EVALUATION & FEEDBACK FORM

2020 Annual HDOT Harbors Tenant Storm Water Training

Online Video at YouTube

1. Was this online training course beneficial to you as a Tenant of the Honolulu and Kalaheo Barbers Point Harbors? Please rank the overall course from 0 to 5 where 5 = Most Beneficial & 0 = Not Beneficial at all. 5 Additional comments on the overall training course:

yes it's very helpful to understand the safety
environment.

2. What were the strong points of this online training course that we should build upon for next year?

Strongest point are listening to each person to what
they had to say.

3. What were the weak points of this online training course that we should address for next year?

There was no weak point in the training.

4. How effective was this online training in conveying the Harbors Storm Water Management Program information & requirements to the tenant audience? Please rank their overall effectiveness from 0 to 5 where 5 = Most Effective & 0 = Not Effective at all. 5 Provide additional comments you may have.

We should always act on emergency hazardous spill
in protecting the ocean floor.

5. Moving forward, if this training couldn't be held at a physical location, which platform would you prefer this annual training to be conducted in the future? Please make your selection: ☐ Online ☐ Virtual ☒ Either platform is fine ☐ Others: _____

6. Please provide additional comments to elaborate any other concern you have & how we can improve next year.

nothing needs to change.

Mahalo for providing us with your training feedback. See you next year!

5. You can help with maintaining good sustainable environment by
 - a. Use fewer resources in the first place
 - b. Use materials more than once instead of discarding
 - c. Convert waste materials into new products
 - ☒ d. All of the above
 6. Which of the following are considered Pollutants of Concerns?
 - a. Metals (zinc, iron, aluminum)
 - b. Sediment
 - c. Paint and oil
 - ☒ d. All of the above
 7. Which of the following are good examples of BMPs?
 - a. Maintain equipment regularly
 - b. Promptly respond to a spill or leak
 - c. Keep trash bins closed when not in use
 - ☒ d. All of the above
 8. Equipping storm drain inlet in or adjacent to maintenance area with Witch's hat is considered a good BMP.
 - ☒ a. True
 - b. False
 9. The first step of spill response is to
 - ☒ a. Assess the risk
 - b. Contain the spill
 - c. Stop the Source
 - d. Clean up
 - e. None of my business
 10. An environmental violation may lead to criminal penalties.
 - ☒ a. True
 - b. False

Name: Davis, Mark Company: PSI Date: 21 AUG 20

1. What is the definition of an illicit discharge?
 - a. Condensate from AC system
 - b. Rain water runoff
 - ☒ c. A non-stormwater discharge that poses a risk to the environment
 - d. None of the above
 2. Which of the following are not permitted to be discharged into the storm drain?
 - a. Equipment washing water
 - b. Fish entrails and spilled chemicals
 - c. Petroleum and paint drop
 - ☒ d. All of the above
 3. What should you do when a suspected illicit discharge is observed at or around your facility?
 - a. If on Oahu, call Harbor Traffic Control Unit at (808) 587-2076
 - b. Call Harbors Environmental Hotline at (808) 587-1962
 - c. Do not care
 - ☒ d. a or b
 4. The picture below is a good example of Best Management Practice (BMP) because:
 - ☒ a. Absorbent material is placed under oil-containing equipment and is not oversaturated.
 - b. This equipment is stored outdoors
 - c. They are stored under cover.
 - d. None of the above
- 
5. You can help with maintaining good sustainable environment by
 - a. Use fewer resources in the first place
 - b. Use materials more than once instead of discarding
 - c. Convert waste materials into new products
 - ☒ d. All of the above
 6. Which of the following are considered Pollutants of Concerns?
 - a. Metals (zinc, iron, aluminum)
 - b. Sediment
 - c. Paint and oil
 - ☒ d. All of the above
 7. Which of the following are good examples of BMPs?
 - a. Maintain equipment regularly

2020 HDOT Harbors Tenant Training Questionnaire

Name: Michael Bishop Company: PSI Date: 08/21/2020

1. What is the definition of an illicit discharge?
 - a. Condensate from AC system
 - b. Rain water runoff
 - ☒ c. A non-stormwater discharge that poses a risk to the environment
 - d. None of the above
2. Which of the following are not permitted to be discharged into the storm drain?
 - a. Equipment washing water
 - b. Fish entrails and spilled chemicals
 - c. Petroleum and paint drop
 - ☒ d. All of the above
3. What should you do when a suspected illicit discharge is observed at or around your facility?
 - a. If on Oahu, call Harbor Traffic Control Unit at (808) 587-2076
 - b. Call Harbors Environmental Hotline at (808) 587-1962
 - c. Do not care
 - ☒ d. a or b
4. The picture below is a good example of Best Management Practice (BMP) because:
 - ☒ a. Absorbent material is placed under oil-containing equipment and is not oversaturated.
 - b. This equipment is stored outdoors
 - c. They are stored under cover.
 - d. None of the above
5. You can help with maintaining good sustainable environment by
 - a. Use fewer resources in the first place
 - b. Use materials more than once instead of discarding
 - c. Convert waste materials into new products
 - ☒ d. All of the above
6. Which of the following are considered Pollutants of Concerns?
 - a. Metals (zinc, iron, aluminum)
 - b. Sediment
 - c. Paint and oil
 - ☒ d. All of the above
7. Which of the following are good examples of BMPs?
 - a. Maintain equipment regularly
 - b. Promptly respond to a spill or leak
 - c. Keep trash bins closed when not in use
 - ☒ d. All of the above
8. Equipping storm drain inlet in or adjacent to maintenance area with Witch's hat is considered a good BMP.
 - ☒ a. True
 - b. False
9. The first step of spill response is to
 - ☒ a. Assess the risk
 - b. Contain the spill
 - c. Stop the Source
 - d. Clean up
 - e. None of my business
10. An environmental violation may lead to criminal penalties.
 - ☒ a. True
 - b. False

Name: Justin Tungpan Company: PSI Date: 8/24/20

1. What is the definition of an illicit discharge?
 - a. Condensate from AC system
 - b. Rain water runoff
 - ☒ c. A non-stormwater discharge that poses a risk to the environment
 - ☒ d. None of the above
 2. Which of the following are not permitted to be discharged into the storm drain?
 - a. Equipment washing water
 - b. Fish entrails and spilled chemicals
 - c. Petroleum and paint drop
 - ☒ d. All of the above
 3. What should you do when a suspected illicit discharge is observed at or around your facility?
 - a. If on Oahu, call Harbor Traffic Control Unit at (808) 587-2076
 - ☒ b. Call Harbors Environmental Hotline at (808) 587-1962
 - c. Do not care
 - d. a or b
 4. The picture below is a good example of Best Management Practice (BMP) because:
 - ☒ a. Absorbent material is placed under oil-containing equipment and is not oversaturated.
 - b. This equipment is stored outdoors
 - c. They are stored under cover.
 - d. None of the above
- 
5. You can help with maintaining good sustainable environment by
 - a. Use fewer resources in the first place
 - b. Use materials more than once instead of discarding
 - c. Convert waste materials into new products
 - ☒ d. All of the above
 6. Which of the following are considered Pollutants of Concerns?
 - a. Metals (zinc, iron, aluminum)
 - b. Sediment
 - c. Paint and oil
 - ☒ d. All of the above
 7. Which of the following are good examples of BMPs?
 - a. Maintain equipment regularly
 - b. Promptly respond to a spill or leak
 - c. Keep trash bins closed when not in use
 - ☒ d. All of the above
 8. Equipping storm drain inlet in or adjacent to maintenance area with Witch's hat is considered a good BMP.
 - ☒ a. True
 - b. False
 9. The first step of spill response is to
 - a. Assess the risk
 - b. Contain the spill
 - ☒ c. Stop the Source
 - d. Clean up
 - e. None of my business
 10. An environmental violation may lead to criminal penalties.
 - ☒ a. True
 - b. False

1. What is the definition of an illicit discharge?
 - a. Condensate from AC system
 - ☒ b. Rain water runoff
 - c. A non-stormwater discharge that poses a risk to the environment
 - d. None of the above
2. Which of the following are not permitted to be discharged into the storm drain?
 - a. Equipment washing water
 - b. Fish entrails and spilled chemicals
 - c. Petroleum and paint drop
 - ☒ d. All of the above
3. What should you do when a suspected illicit discharge is observed at or around your facility?
 - a. If on Oahu, call Harbor Traffic Control Unit at (808) 587-2076
 - ☒ b. Call Harbors Environmental Hotline at (808) 587-1962
 - c. Do not care
 - d. a or b
4. The picture below is a good example of Best Management Practice (BMP) because:
 - ☒ a. Absorbent material is placed under oil-containing equipment and is not oversaturated.
 - b. This equipment is stored outdoors
 - c. They are stored under cover.
 - d. None of the above
5. You can help with maintaining good sustainable environment by
 - a. Use fewer resources in the first place
 - b. Use materials more than once instead of discarding
 - c. Convert waste materials into new products
 - ☒ d. All of the above
6. Which of the following are considered Pollutants of Concerns?
 - a. Metals (zinc, iron, aluminum)
 - b. Sediment
 - c. Paint and oil
 - ☒ d. All of the above
7. Which of the following are good examples of BMPs?
 - a. Maintain equipment regularly
 - b. Promptly respond to a spill or leak
 - c. Keep trash bins closed when not in use
 - ☒ d. All of the above
8. Equipping storm drain inlet in or adjacent to maintenance area with Witch's hat is considered a good BMP.
 - ☒ a. True
 - b. False
9. The first step of spill response is to
 - ☒ a. Assess the risk
 - ☒ b. Contain the spill
 - ☒ c. Stop the Source
 - d. Clean up
 - e. None of my business
10. An environmental violation may lead to criminal penalties.
 - ☒ a. True

"Mālama i ke awa kai" - Protect Our Harbor Waters

2020 HDOT Harbors Tenant Training Questionnaire

Name: Deanna PKT Company: PSI Date: 08.10.20

1. What is the definition of an illicit discharge?
 - a. Condensate from AC system
 - b. Rain water runoff
 - ☒ c. A non-stormwater discharge that poses a risk to the environment
 - d. None of the above
 2. Which of the following are not permitted to be discharged into the storm drain?
 - a. Equipment washing water
 - b. Fish entrails and spilled chemicals
 - c. Petroleum and paint drop
 - ☒ d. All of the above
 3. What should you do when a suspected illicit discharge is observed at or around your facility?
 - a. If on Oahu, call Harbor Traffic Control Unit at (808) 587-2076
 - ☒ b. Call Harbors Environmental Hotline at (808) 587-1962
 - c. Do not care
 - ☒ d. a or b
 4. The picture below is a good example of Best Management Practice (BMP) because:
 - ☒ a. Absorbent material is placed under oil-containing equipment and is not oversaturated.
 - b. This equipment is stored outdoors
 - c. They are stored under cover.
 - d. None of the above
- 
5. You can help with maintaining good sustainable environment by
 - a. Use fewer resources in the first place
 - b. Use materials more than once instead of discarding
 - c. Convert waste materials into new products
 - ☒ d. All of the above
 6. Which of the following are considered Pollutants of Concerns?
 - a. Metals (zinc, iron, aluminum)
 - b. Sediment
 - c. Paint and oil
 - ☒ d. All of the above
 7. Which of the following are good examples of BMPs?
 - a. Maintain equipment regularly
 - b. Promptly respond to a spill or leak
 - c. Keep trash bins closed when not in use
 - ☒ d. All of the above
 8. Equipping storm drain inlet in or adjacent to maintenance area with Witch's hat is considered a good BMP.
 - ☒ a. True
 - b. False
 9. The first step of spill response is to
 - a. Assess the risk
 - b. Contain the spill
 - ☒ c. Stop the Source
 - d. Clean up
 - e. None of my business
 10. An environmental violation may lead to criminal penalties.
 - ☒ a. True
 - b. False

TRAINING EVALUATION & FEEDBACK FORM
2020 Annual HDOT Harbors Tenant Storm Water Training
Online Video at YouTube

1. Was this online training course beneficial to you as a Tenant of the Honolulu and Kalaeloa Barbers Point Harbors? Please rank the overall course from 0 to 5 where 5 = Most Beneficial & 0 = Not Beneficial at all. 5 Additional comments on the overall training course:

Provide more pictures that show our Harbors and
examples / scenarios

2. What were the strong points of this online training course that we should build upon for next year?

Contacts be a little more clear on what Dept
handles what issues

3. What were the weak points of this online training course that we should address for next year?

Implement more actual pictures of our Hawaii
Harbors team showing good BMP Practices.

4. How effective was this online training in conveying the Harbors Storm Water Management Program information & requirements to the tenant audience? Please rank their overall effectiveness from 0 to 5 where 5 = Most Effective & 0 = Not Effective at all. 4 Provide additional comments you may have.

5. Moving forward, if this training couldn't be held at a physical location, which platform would you prefer this annual training to be conducted in the future? Please make your selection: ☒ Online ☐ Virtual ☐ Either platform is fine ☐ Others: _____

6. Please provide additional comments to elaborate any other concern you have & how we can improve next year.

See above responses

TRAINING EVALUATION & FEEDBACK FORM

2020 Annual HDOT Harbors Tenant Storm Water Training

Online Video at YouTube

1. Was this online training course beneficial to you as a Tenant of the Honolulu and Kalaheo Barbers Point Harbors? Please rank the overall course from 0 to 5 where 5 = Most Beneficial & 0 = Not Beneficial at all. 4 Additional comments on the overall training course:
Good photos of tenant spaces and equipment near waterfront.

2. What were the strong points of this online training course that we should build upon for next year?
Narrations matched slide information. Good slides with green for BMP's and red for bad practices.
Good overview of inspection process.

3. What were the weak points of this online training course that we should address for next year?
This overview was clear and effective. Be sure to add current photos and questions each year.

4. How effective was this online training in conveying the Harbors Storm Water Management Program information & requirements to the tenant audience? Please rank their overall effectiveness from 0 to 5 where 5 = Most Effective & 0 = Not Effective at all. 4 Provide additional comments you may have.

5. Moving forward, if this training couldn't be held at a physical location, which platform would you prefer this annual training to be conducted in the future? Please make your selection: ☒ Online ☐ Virtual ☐ Either platform is fine ☐ Others: _____
6. Please provide additional comments to elaborate any other concern you have & how we can improve next year.
Add water front buildings as a possible source of pollution: rusting roofs, leaking drain pipes.

 - ☒ d. a or b
4. The picture below is a good example of Best Management Practice (BMP) because:
 - ☒ a. Absorbent material is placed under oil-containing equipment and is not oversaturated.
 - b. This equipment is stored outdoors
 - c. They are stored under cover.
 - d. None of the above
5. You can help with maintaining good sustainable environment by
 - a. Use fewer resources in the first place
 - b. Use materials more than once instead of discarding
 - c. Convert waste materials into new products
 - ☒ d. All of the above
6. Which of the following are considered Pollutants of Concerns?
 - a. Metals (zinc, iron, aluminum)
 - b. Sediment
 - c. Paint and oil
 - ☒ d. All of the above
7. Which of the following are good examples of BMPs?
 - a. Maintain equipment regularly
 - b. Promptly respond to a spill or leak
 - c. Keep trash bins closed when not in use
 - ☒ d. All of the above
8. Equipping storm drain inlet in or adjacent to maintenance area with Witch's hat is considered a good BMP.
 - ☒ a. True
 - b. False
9. The first step of spill response is to
 - ☒ a. Assess the risk
 - b. Contain the spill
 - c. Stop the Source
 - d. Clean up
 - e. None of my business
10. An environmental violation may lead to criminal penalties.
 - ☒ a. True
 - b. False

TRAINING EVALUATION & FEEDBACK FORM

2020 Annual HDOT Harbors Tenant Storm Water Training
Online Video at YouTube

1. Was this online training course beneficial to you as a Tenant of the Honolulu and Kalaeloa Barbers Point Harbors? Please rank the overall course from 0 to 5 where 5 = Most Beneficial & 0 = Not Beneficial at all. 5 Additional comments on the overall training course:

2. What were the strong points of this online training course that we should build upon for next year?
Liked the ability to review the contents at my convenience.

3. What were the weak points of this online training course that we should address for next year?
No weak points noted.

4. How effective was this online training in conveying the Harbors Storm Water Management Program information & requirements to the tenant audience? Please rank their overall effectiveness from 0 to 5 where 5 = Most Effective & 0 = Not Effective at all. 5 Provide additional comments you may have.

5. Moving forward, if this training couldn't be held at a physical location, which platform would you prefer this annual training to be conducted in the future? Please make your selection: ☒ Online ☐ Virtual ☐ Either platform is fine ☐ Others: _____
6. Please provide additional comments to elaborate any other concern you have & how we can improve next year.
The presentation was a good refresher for me, no improvements required.

Mahalo for providing us with your training feedback. See you next year!

"Mālama i ke awa kai" - Protect Our Harbor Waters

TRAINING EVALUATION & FEEDBACK FORM
2020 Annual HDOT Harbors Tenant Storm Water Training
Online Video at YouTube

1. Was this online training course beneficial to you as a Tenant of the Honolulu and Kalaeloa Barbers Point Harbors? Please rank the overall course from 0 to 5 where 5 = Most Beneficial & 0 = Not Beneficial at all. 4 Additional comments on the overall training course:

Training video was good. Comprehensive.

2. What were the strong points of this online training course that we should build upon for next year?

Photos demonstrating content, such as illicit discharge.

3. What were the weak points of this online training course that we should address for next year?

Too much time spent on identifying exact regulations, too many technical terms. Most employees that watch this need simple, useful information, and may not understand technical terms

4. How effective was this online training in conveying the Harbors Storm Water Management Program information & requirements to the tenant audience? Please rank their overall effectiveness from 0 to 5 where 5 = Most Effective & 0 = Not Effective at all. 3 Provide additional comments you may have.

Again, comprehensive. But overly technical for the lay person to understand.

5. Moving forward, if this training couldn't be held at a physical location, which platform would you prefer this annual training to be conducted in the future? Please make your selection: ☐ Online ☐ Virtual ☒ Either platform is fine ☐ Others: _____

6. Please provide additional comments to elaborate any other concern you have & how we can improve next year.

Think through who your audience will be, and make this fit for that purpose.

Mahalo for providing us with your training feedback. See you next year!

2020 HDOT Harbors Tenant Training Questionnaire

Name: RANDAL IIAIWA

Company: TORELL USA

Date: 9/16/20

1. What is the definition of an illicit discharge?
 - a. Condensate from AC system
 - b. Rain water runoff
 - ☒ c. A non-stormwater discharge that poses a risk to the environment
 - d. None of the above
 2. Which of the following are not permitted to be discharged into the storm drain?
 - a. Equipment washing water
 - b. Fish entrails and spilled chemicals
 - c. Petroleum and paint drop
 - ☒ d. All of the above
 3. What should you do when a suspected illicit discharge is observed at or around your facility?
 - a. If on Oahu, call Harbor Traffic Control Unit at (808) 587-2076
 - ☒ b. Call Harbors Environmental Hotline at (808) 587-1962
 - c. Do not care
 - d. a or b
 4. The picture below is a good example of Best Management Practice (BMP) because:
 - ☒ a. Absorbent material is placed under oil-containing equipment and is not oversaturated.
 - b. This equipment is stored outdoors
 - c. They are stored under cover.
 - d. None of the above
- 
5. You can help with maintaining good sustainable environment by
 - a. Use fewer resources in the first place
 - b. Use materials more than once instead of discarding
 - c. Convert waste materials into new products
 - ☒ d. All of the above
 6. Which of the following are considered Pollutants of Concerns?
 - a. Metals (zinc, iron, aluminum)
 - b. Sediment
 - c. Paint and oil
 - ☒ d. All of the above
 7. Which of the following are good examples of BMPs?
 - a. Maintain equipment regularly
 - b. Promptly respond to a spill or leak
 - c. Keep trash bins closed when not in use
 - ☒ d. All of the above
 8. Equipping storm drain inlet in or adjacent to maintenance area with Witch's hat is considered a good BMP.
 - ☒ a. True
 - b. False
 9. The first step of spill response is to
 - ☒ a. Assess the risk
 - ☒ b. Contain the spill
 - c. Stop the Source
 - d. Clean up
 - e. None of my business
 10. An environmental violation may lead to criminal penalties.

NO COMMENTS. IT'S VERY CLEAR

3. What were the weak points of this online training course that we should address for next year?

NO WEAK POINTS

4. How effective was this online training in conveying the Harbors Storm Water Management Program information & requirements to the tenant audience? Please rank their overall effectiveness from 0 to 5 where 5 = Most Effective & 0 = Not Effective at all. 5 Provide additional comments you may have.

5. Moving forward, if this training couldn't be held at a physical location, which platform would you prefer this annual training to be conducted in the future? Please make your selection: ☐ Online ☐ Virtual ☒ Either platform is fine ☐ Others: _____

6. Please provide additional comments to elaborate any other concern you have & how we can improve next year.

THE RECORD COULD BE IMPROVE BY SPEAKING
A LITTLE BIT SLOWER.

Mahalo for providing us with your training feedback. See you next year!

2020 HDOT Harbors Tenant Training Questionnaire

Name: Heather Kawana Company: VMA Fisheries LLC Date: 8/31/20

1. What is the definition of an illicit discharge?
 - a. Condensate from AC system
 - b. Rain water runoff
 - ☒ c. A non-stormwater discharge that poses a risk to the environment
 - d. None of the above
 2. Which of the following are not permitted to be discharged into the storm drain?
 - a. Equipment washing water
 - b. Fish entrails and spilled chemicals
 - c. Petroleum and paint drop
 - ☒ d. All of the above
 3. What should you do when a suspected illicit discharge is observed at or around your facility?
 - a. If on Oahu, call Harbor Traffic Control Unit at (808) 587-2076
 - b. Call Harbors Environmental Hotline at (808) 587-1962
 - c. Do not care
 - ☒ d. a or b
 4. The picture below is a good example of Best Management Practice (BMP) because:
 - ☒ a. Absorbent material is placed under oil-containing equipment and is not oversaturated.
 - b. This equipment is stored outdoors
 - c. They are stored under cover.
 - d. None of the above
- 
5. You can help with maintaining good sustainable environment by
 - a. Use fewer resources in the first place
 - b. Use materials more than once instead of discarding
 - c. Convert waste materials into new products
 - ☒ d. All of the above
 6. Which of the following are considered Pollutants of Concerns?
 - a. Metals (zinc, iron, aluminum)
 - b. Sediment
 - c. Paint and oil
 - ☒ d. All of the above
 7. Which of the following are good examples of BMPs?
 - a. Maintain equipment regularly
 - b. Promptly respond to a spill or leak
 - c. Keep trash bins closed when not in use
 - ☒ d. All of the above
 8. Equipping storm drain inlet in or adjacent to maintenance area with Witch's hat is considered a good BMP.
 - a. True
 - ☒ b. False
 9. The first step of spill response is to
 - ☒ a. Assess the risk
 - b. Contain the spill
 - c. Stop the Source
 - d. Clean up
 - e. None of my business
 10. An environmental violation may lead to criminal penalties.
 - ☒ a. True
 - b. False

TRAINING EVALUATION & FEEDBACK FORM

2020 Annual HDOT Harbors Tenant Storm Water Training
Online Video at YouTube

1. Was this online training course beneficial to you as a Tenant of the Honolulu and Kalaheo Barbers Point Harbors? Please rank the overall course from 0 to 5 where 5 = Most Beneficial & 0 = Not Beneficial at all. 5 Additional comments on the overall training course:

2. What were the strong points of this online training course that we should build upon for next year?

*I could have more personnel attend.
I had all Neighbor Island Ports attend.*

3. What were the weak points of this online training course that we should address for next year?

I honestly can't think of one.

4. How effective was this online training in conveying the Harbors Storm Water Management Program information & requirements to the tenant audience? Please rank their overall effectiveness from 0 to 5 where 5 = Most Effective & 0 = Not Effective at all. _____ Provide additional comments you may have.

*I almost think it was better online.
Easier to hear, fits my schedule.*

5. Moving forward, if this training couldn't be held at a physical location, which platform would you prefer this annual training to be conducted in the future? Please make your selection: ☐ Online ☐ Virtual ☒ Either platform is fine ☐ Others: _____

6. Please provide additional comments to elaborate any other concern you have & how we can improve next year.

*The youtube # is great! I'll use it for
onsite trainings in the future.*
