DEPARTMENT OF TRANSPORTATION'S
REPORT TO THE LEGISLATURE
OF THE STATE OF HAWAII

REQUIRED UNDER

SECTION 291C-3 HAWAII REVISED STATUTES

Annual report to the Hawaii Legislature on the Safe Routes to School Program

Introduction:

Section 291C-3 Hawaii Revised Statutes requires the Department of Transportation (DOT) to report annually on the status and progress of the safe routes to school (SRTS) program.

The federal SRTS program was created by Section 1404 of the Safe, Accountable, Flexible, Efficient Transportation Equity Act: A Legacy for Users (SAFETEA-LU) in 2005 and is a federally-funded program administered by the DOT. It is designed to encourage elementary and middle school aged children to be physically active; make walking and bicycling to school a safe, routine activity; and facilitate planning, development, and implementation of projects and activities that will improve safety and reduce traffic, fuel consumption, and air pollution in the vicinity of schools.

Act 317 signed into law on July 10, 2012 created county-level SRTS programs and established a state SRTS program special fund. A surcharge fee from moving violations is deposited into the SRTS program special fund. The DOT is responsible for managing and distributing funds in the SRTS program special fund.

SRTS Federal Program:

A summary of all SRTS non-infrastructure and infrastructure projects funded with SRTS federal funds obtained under SAFETEA-LU is shown in the attached Table 1 and Table 2, respectively. For ongoing projects, the amounts shown are the amount of funds awarded and may not reflect the actual cost of each project.

In partnership with county SRTS coordinators, one SRTS informational workshop was offered on the islands of Maui and Kauai, and two workshops were offered on the island of Hawaii between February and April 2015. The purpose of these workshops was to inform community leaders, school officials, health and transportation professionals, law enforcement officers, parents and neighbors about the SRTS program and requirements of SRTS federal grants. Previously, two presentations of the SRTS National Course were offered on Oahu in October 2014.

Following SRTS informational workshops, the DOT issued its fourth round of call for applications to award SRTS federal funds obtained under SAFETEA-LU on July 6, 2015. A total of eight applications (one non-infrastructure and seven infrastructure) were received by the deadline date of December 4, 2015. These applications will be evaluated and ranked.

SRTS Program Special Fund:

In accordance with Chapter 19-109 of the Hawaii Administrative Rules (HAR) entitled “Safe Routes to School Program Special Fund,” the amounts shown in the attached Table 3 have been distributed to counties to support county-level SRTS programs. Chapter 19-109 of the Hawaii Administrative Rules (HAR) can be viewed at <http://hidot.hawaii.gov/highways/files/2014/03/Chapter-19-109-HAR-Standard-final-Signed.pdf>. All counties have designated SRTS coordinators, and are beginning to establish county-level SRTS programs.
