# Public Information Meeting Agenda

- Need for the Project
- Construction Scope of Work
- Community Noise Variance Application
- Questions and Answers

# Project Area

# Project Purpose

Replace the deteriorated top slab of the existing concrete double cell box culvert.

# Current Condition of Box Culvert Top Slab

# What to Expect?

# **Proposed Schedule**

Target Start Date

September 1, 2017

**Target Completion** 

February 28, 2018

# Proposed Time of Construction Activities:

**Monday to Friday** 

Working Hours: 7:00 A.M. to 6:00 P.M.

Closures of two lanes total allowed between 8:30 A.M. to 3:00 P.M.

Saturday to Monday (up to 6 total weekends)

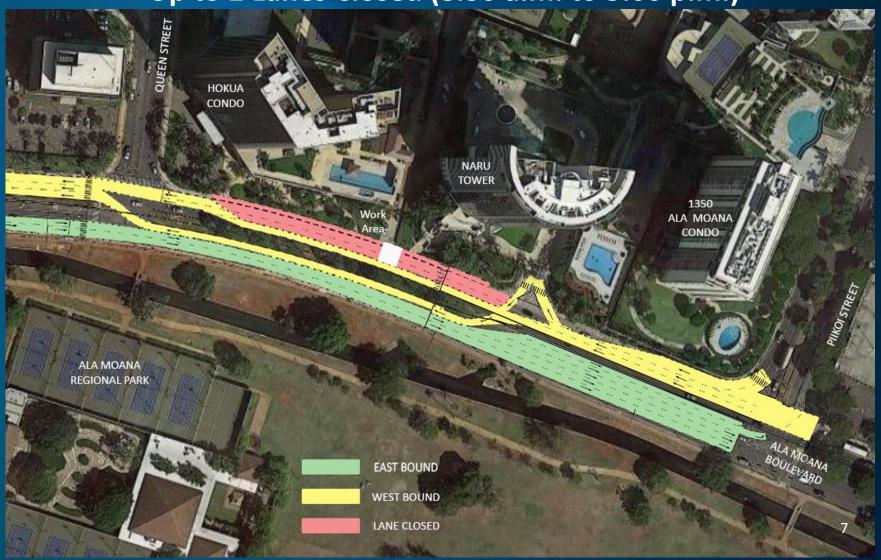

Working Hours: 5:00 A.M. Saturday to 7:00 A.M. Monday

Closures of three lanes total allowed up until 5:00 a.m. Monday morning

# Week Day Lane Closures (Monday – Friday)

Up to 2 Lanes Closed (8:30 a.m. to 3:00 p.m.)

# Week Day Lane Closures (Monday – Friday)

#### **Construction Scope of Work**

Day Work (7:00 a.m. to 6:00 p.m.)

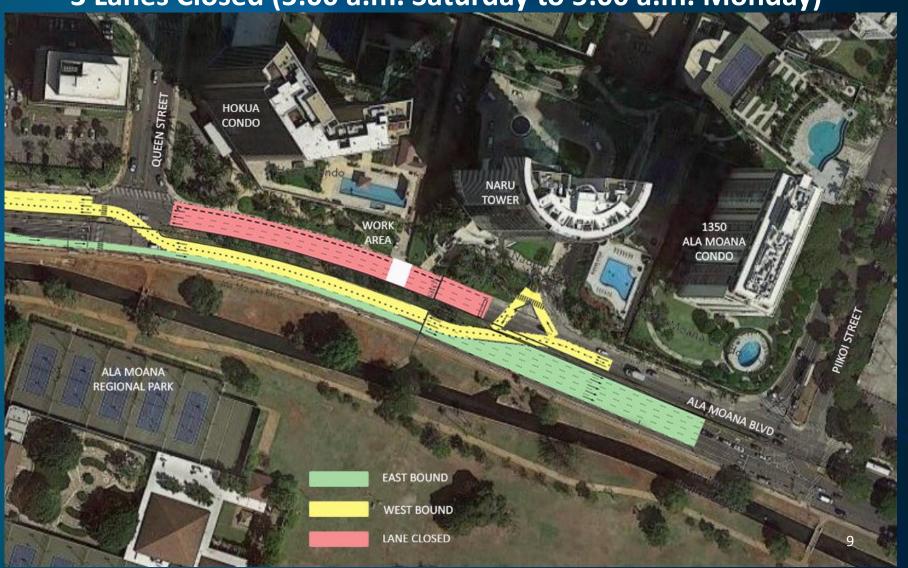

- Install Best Management Practices (BMPs) for median work
- Close adjacent east-bound/west-bound median lanes for median work
- Modify grassed median to facilitate contraflow lane opening
- Install temporary bracing of box culvert walls / deck
- Install BMPs before removal of top slab
- Sawcutting portions of the culvert

Repeat sequence above for west-bound lanes, middle section, and east-bound lanes.

# Weekend Lane Closures (Saturday – Monday)

3 Lanes Closed (5:00 a.m. Saturday to 5:00 a.m. Monday)

# Weekend Lane Closures (Saturday – Monday)

#### **Construction Scope of Work**

Weekend Work (5:00 a.m. Saturday to 7:00 a.m. Monday)

- Close lanes to traffic
- Remove deck from above in sections
- Install form work for concrete pours
- Place pre-cast deck panels
- Place reinforcing steel
- Pour concrete
- Cure concrete
- Open lanes to traffic

Repeat sequence above for west-bound Lanes, middle section, and east-bound lanes.

# Community Noise Variance Application

### **Noise Regulations**

HAR Title 11, Chapter 46 sets the rules and restrictions on sound levels for construction projects. It states:

"No permit shall allow any construction activities which emit noise:

- Monday through Friday before 7 a.m. and after 6 p.m. of the same day
- Saturday before 9 a.m. and after 6 p.m.
- Sundays and on Holidays"

A Community Noise Variance must be obtained for any construction activities to occur outside the permissible hours (e.g., after 6 p.m. weekdays).

# Community Noise Variance Application

### **Proposed Noise Variance**

- Variance application requests work be allowed Saturday morning from 5:00 a.m. to Monday morning at 7:00 a.m.
- Requesting up to 6 weekend work periods to allow for unforeseen events/conditions
- Equipment producing noise levels of 85 decibels or higher will only be used when necessary and only between the hours of 9 a.m. and 6 p.m.

# Community Noise Variance Application

#### **Construction Noise Reduction**

- Use of adequate sound mufflers and intake silencers for construction equipment
- Locate compressors and generators as far from residences as possible
- Contact information for the Contractor Representative will be provided once the Contractor is selected

# Community Noise Variance Application

### **Community Noise Variance Application**

- Application was submitted to Department of Health for Saturday morning (5:00 a.m.) through Monday morning (7:00 a.m.) construction.
- There will be no lane closures from mid-November 2017 through early January 2018.

# The 30-day Public Comment Period for the Proposed Community Noise Variance is until August 12, 2017.

There are Comment Sheets at the Reception Table.

Please provide comments to:

Indoor Radiological and Health Branch

99-945 Halawa Valley Street

Aiea, Hawaii 96701

Phone: 586-4700

## **Questions and Answers**

- Please be respectful to those speaking
- Please keep focused on the noise variance issues for the proposed project
