For weekend closures, a shuttle/ferry system will be implemented, whereby a parking area will be established on the Wainiha/Haena side of the Waikoko Bridge, from where a shuttle will transport people to the bridge which is closed for construction. A small boat will then ferry passengers across the stream, where another shuttle will transport them to a parking lot on the Waikoko side of the Waioli Bridge to a parking area. For travel from Waikoko to Wainiha/Haena, the same process will happen in reverse. Two weeks advance notice will be provided for each weekend closure. Schedule for the shuttle/ferry system will be publicized after finalizing logistics and public input.</i></p>
