DEPARTMENT OF TRANSPORTATION'S  
REPORT TO LEGISLATURE  
OF  
THE STATE OF HAWAII  
REQUIRED UNDER  
SECTION 291C-3, HAWAII REVISED STATUTES

**ANNUAL REPORT: "SAFE ROUTES TO SCHOOL"  
FROM ACT 317  
SESSION LAWS OF HAWAII 2012**

STATE OF HAWAII  
DEPARTMENT OF TRANSPORTATION  
DECEMBER 2021

DEPARTMENT OF TRANSPORTATION'S  
REPORT TO THE LEGISLATURE  
OF THE STATE OF HAWAII

REQUIRED UNDER

SECTION 291C-3 HAWAII REVISED STATUTES

**Annual report to the Hawaii Legislature on the Safe Routes to School Program**

Section 291C-3 Hawaii Revised Statutes requires the Department of Transportation (DOT) to report annually on the status and progress of the safe routes to school (SRTS) program.

SRTS Federal Program

The federal SRTS program was created by Section 1404 of the Safe, Accountable, Flexible, Efficient Transportation Equity Act: A Legacy for Users (SAFETEA-LU) in 2005 and is a federally-funded program administered by the DOT. It is designed to encourage elementary and middle school aged children to be physically active; make walking and bicycling to school a safe, routine activity; and facilitate planning, development, and implementation of projects and activities that will improve safety and reduce traffic, fuel consumption, and air pollution in the vicinity of schools.

A summary of all SRTS non-infrastructure and infrastructure projects funded with SRTS federal funds obtained under SAFETEA-LU is shown in the attached Table 1 and Table 2, respectively. For projects that are ongoing, or completed but not closed, the amounts shown are the amount of funds awarded and may not reflect the actual cost of each project.

The King Kaumualii School SRTS Phase 1 project is currently under construction and anticipated to be completed in December 2022. The scope of the project includes installing RRFB systems at two marked crosswalks on Hanamaulu Road, and constructing new sidewalk and curb ramps on Hanamaulu Road from King Kaumualii Elementary School to Hanamaulu Place and throughout the length of Akuli Street. In addition, the roadway shoulder along the south side of Hanamaulu Road near the school will be widened and an existing crosswalk on Hanamaulu Road will be relocated.

The Koloa Safe Routes Phase 2 project is currently under construction and anticipated to be completed in January 2023. The scope of the project includes reconstructing the sidewalk on Poipu Road fronting Koloa Elementary, relocating an RRFB system on Poipu Road and relocating an existing crosswalk on Paanau Road. The project also includes constructing new sidewalk and curb ramps on Paanau Road fronting Koloa Elementary School, and on the north side of Paanau Road from Hikina Road west to an existing sidewalk. In addition, bike lanes and accommodations for pedestrians will be provided along Poipu Road from Koloa Road to Blake Lane.

The County of Kauai plans to complete the Kalaheo School SRTS Phase 1 project at a later time using other funds. Therefore, SRTS federal funding for the Kalaheo School SRTS Phase 1 project was cancelled and the project was removed from Table 2.

The seventh round of Call for Applications to award SRTS federal funds obtained under SAFETEA-LU for non-infrastructure projects only is anticipated to be issued in February 2022. Applications that are received will be evaluated and ranked.

In addition to SRTS federal funds obtained under SAFETEA-LU, both SRTS infrastructure and non-infrastructure projects are currently eligible for federal funds under the transportation alternatives program, highway safety improvement program and other programs.

#### SRTS Program Special Fund:

Act 317 (2012), signed into law on July 10, 2012, created county-level SRTS programs and established a state SRTS program special fund. A surcharge fee on certain moving violations is deposited into the SRTS program special fund. The DOT adopted Chapter 19-109 of the Hawaii Administrative Rules (HAR) entitled “Safe Routes to School Program Special Fund” and distributed funds from the SRTS program special fund to counties for fiscal years 2014 to 2020. Table 3 shows the amount of funds distributed to each county.

Act 9 (Special Session 2021), signed into law on July 20, 2021, requires that the legislature appropriate funds from the SRTS special fund to counties. Act 9 also requires each county to submit an annual report on the status and progress of its county SRTS program to the legislature. Therefore, we are in the process of repealing Chapter 19-109, HAR and the DOT will not distribute funds from the SRTS Program Special Fund to counties. In addition, we defer to legislative reports submitted by counties for the status of county SRTS efforts that used funds obtained from the SRTS program special fund.
