- Plans to expand the Express program, which provides free county bus transportation for qualifying students, to include middle and high school students.
- There was discussion and Q&A between the committee members and Megan regarding the transportation challenges, safety concerns, and potential solutions like the carpool pilot program being implemented.

III. Discussion and Appropriate Action on Approach to Meeting Law's Mandate

The committee reviewed the draft report to the legislature that was provided two weeks prior. The report included a summary of the committee's work, an overview of the current state of

The committee discussed the public comment period that is open until the end of the month, during which time additional feedback and project proposals can be submitted for inclusion. Laramee made a motion to approve the draft report with the understanding that minor amendments may be made based on the public comments received. The motion was seconded by Burke and approved by the committee.
